Department of Science and Innovation (DSI-HSRC): Internships 2026/27 Apply Here

Description

The DSI-HSRC internship program aims to engage enthusiastic individuals who are passionate about contributing to scientific research, policy development, and innovation. Interns will have the opportunity to work alongside experienced professionals, gaining practical knowledge and skills while contributing to meaningful projects within their respective fields.

Responsibilities

- Collaborate with teams on ongoing research projects and initiatives within the DSI-HSRC framework.
- Conduct literature reviews, data collection, analysis, and interpretation under the guidance of senior researchers.
- Support the development and implementation of research methodologies and experimental protocols.
- Assist in drafting reports, publications, and presentations based on research findings and outcomes.
- Contribute innovative ideas and perspectives to problem-solving discussions within the department.
- Engage in workshops, seminars, and training sessions to enhance skills and knowledge in relevant fields.

Qualifications

- Currently enrolled in or recently graduated from a relevant undergraduate or postgraduate program in fields such as social sciences, natural sciences, engineering, technology, mathematics, economics, or related disciplines.
- Strong academic background with a demonstrated interest in research, innovation, and scientific development.
- Excellent analytical, critical thinking, and problem-solving skills.
- Proficiency in data analysis tools, statistical software, and computer applications relevant to the internship position.
- Effective communication skills, both written and verbal.
- Ability to work collaboratively in a team and adapt to a dynamic work environment.
- Commitment to learning, growth, and contributing positively to the DSI-HSRC internship program.

Job Benefits

- **Hands-on Experience:** Interns will have the opportunity to work on real projects alongside experienced professionals in their field, gaining valuable practical experience that can enhance their skills and knowledge.
- **Learning and Development:** Access to workshops, seminars, and training sessions aimed at enhancing technical skills, research methodologies, and professional development within specific areas of interest.
- **Networking Opportunities:** Exposure to a professional environment
